POSTGRADUATE COURSE

# MASTER OF BUSINESS ADMINISTRATION GLOBAL

Acquire global business knowledge and the analytical skills you need to accelerate your career.

You can take the Master of Business Administration (Global) directly after completing a bachelor degree in any discipline.

The two-year course starts with a one-week orientation program, introducing you to the faculty and industry advisors, and demonstrating the importance of effective engagement and building relationships in the global market. You will then study 14 units over four teaching periods, across the areas of core business knowledge, global practice and analytical practice.

The focus on global markets and practices helps you to understand a variety of cultural business practices. You will learn to work independently and in teams, and develop your leadership skills through work-integrated learning and mentorships.
