POSTGRADUATE COURSE

MASTER OF BUSINESS ADMINISTRATION (GLOBAL)

Acquire global business knowledge and the analytical skills you need to accelerate your career.

You can take the Master of Business Administration (Global) directly after completing a bachelor degree in any discipline.

The one-year course* starts with an orientation program, introducing you to the faculty and industry advisors, and demonstrating the importance of effective engagement and building relationships in the global market. You will then study up to 14 units, across the areas of core business knowledge, global practice and analytical practice.

The focus on global markets and practices helps you to understand a variety of cultural business practices.

You will learn to work independently and in teams, and develop your leadership skills through work-integrated learning and mentorships.

An international study trip to observe different industries in a global setting is also included in the tuition.
