

## Bachelor of Science

# Psychological Science and Human Resources Management

**Psychology encompasses all aspects of human behaviour, using tested theoretical frameworks to examine, explain, and predict what we do as individuals and in groups.**

This four-year psychology program emphasises the application of knowledge to problems arising in professional practice. This degree is designed to provide a basis in, and appreciation of, the scientific discipline of psychology as well as the human resource management profession.

This combination provides graduates with a highly marketable knowledge base that allows students to relate to a broad range of managers, professionals, and consultants, and also provides a foundation for graduate studies in either professional application or research.

### CAREER OPPORTUNITIES

**Following graduation, you can pursue a career in one or more of the following positions:**

- Human Resources Officer / Manager
- Market Researcher
- Psychologist (after further studies / training)
- Public / Industrial Relations Officer
- Recruitment Consultant
- Project Manager
- Life Coach
- Guidance / Career Counsellor

- Change Manager
- Organisational Development Consultant
- Management roles in many industries
